## Trafton Lunch/Study Hall Account

The lunch accounts work on a credit positive basis. To order lunch, each child will need to have money in their account. Opening an account is easy. A parent sends in cash or check, (separate from tuition payments) to the Office with the name and grade of your child/children and denote “lunch” in the memo area. The suggested minimum is \$100. If you have more than one child at Trafton, you may wish to combine all the monies in one check. If so, please specify if one child will receive more money than another, otherwise, the money will be split equally among the children.

Charges are tabulated at the end of each week and then the accounts are updated. Parents are informed, by email, if the account drops below \$30 and more money is needed within the week. With siblings, if one child’s balance falls below \$30 and a sibling has a much higher balance, then money may be transferred to the smaller account.

FYI: This account also serves as the funding venue for study hall and is referred to as the “Lunch/Study Hall” account. **Reminder:** Please send SEPARATE CHECKS for lunch and tuition.

Please keep in mind that your child/children may spend more than \$30 per week, especially if they often order lunch and attend study hall. A positive balance in the account is critically important. Should the student owes more than \$25.00 for a couple of weeks, the account may be frozen. This will prevent ordering lunch until funding is received with a positive balance to allow for future purchases.

Questions about lunch or study hall balances?
